The Islands of Croatia Award (IOCA)

Welcome!

This beautiful and colorful [award](#) is presented by *National Croatian Tourist Board (Hrvatska turistička zajednica)* in cooperation with the *Croatian Amateur Radio Association (Hrvatski radioamaterski savez)*. This award is administered by IOCA award Manager ([Emir, 9A6AA](#)).

The awards, particularly the higher ranking ones, are extremely challenging.

In order to encourage operation from the islands, three classes of awards are introduced:

- one for the chasers,
- the other for those who go out and activate the islands (activators), and
- SWLs

I hope these awards will encourage amateur radio operators from around the world to contact or visit and activate some of the most beautiful and picturesque islands of Croatia.

The islands listed are the only ones eligible for this award. The IOCA is presented in 9 different ranks (separately for chasers/SWLs and activators) as below:

<i>IOCA</i>	<i>CHASERS (and SWLs)</i>	<i>ACTIVATORS</i>
<i>BASIC</i>	10 islands	5 islands
<i>BRONZE</i>	25 islands	10 islands
<i>SILVER</i>	50 islands	20 islands
<i>GOLD</i>	75 islands	40 islands
<i>DIAMOND</i>	100 islands	50 islands
<i>PLAQUE</i>	150 islands	75 islands
<i>TROPHY</i>	200 islands	100 islands
<i>GOLD TROPHY</i>	300 islands	150 islands

DIAMOND TROPHY	400 islands	200 islands
----------------	-------------	-------------

Upon achieving the maximum award level the applicants will qualify for the Islands of Croatia [Honor roll](#) and their scores will be published annually in *Radio HRS* and at this web.

In order to substantiate their contacts with the Croatian islands ([list](#)), chasers (and SWLs) must submit QSL cards for actual contacts or their photocopies. Any QSL cards deemed to have been altered will be disallowed.

Activators must show evidence that they have made a minimum of 50 contacts from each island claimed, i.e. photocopied log details or computer log disk. Activators are required to show proof that their operation actually took place from the claimed island, i.e. photos of operation that undoubtedly show that the operation took place from the claimed island, or certificate from island's authorities or certificate from island's marine or other proofs that operation undoubtedly took place from the claimed island. This is to maintain the integrity of the award program and to ensure all activators are acting responsibly in the pursuit of the award.

In order to count a group activity (several activators with a single, special callsign) as individual activity of each of the group members too, such joint group callsign must log at least 50 QSO's for each person in the group, i.e., 5 members x 50 QSO's = 250 QSO's as a minimum. A joint photo of all operators is necessary as a proof.

Activators may count their activity towards the chasers award.

Contacts should be made from the same DXCC entity and be made with licensed amateur stations. All contacts after June 26,1991 are valid on any HF band: 1,8/ 3,5/ 7/ 10/ 14/ 18/ 21/ 24 and 28 MHz and including 50 MHz.

Maritime mobile contacts are not allowed. All stations must be shown to be land based.

All participants in the IOCA Program need to present and keep its high standards of morality and dignity, strictly applying the rules of ham spirit.

All levels of IOCA diploma are free-of-charge for island activators.

The *Islands of Croatia Directory* costs 8 IRC's (or 10 Euro) and this should be applied for in the first instance. The cost of *The Directory* includes the cost of the Basic certificate. Bronze, Silver, Gold and Diamond awards cost 8 IRC's (or 10 Euro) plus 4 IRC's (or 5 Euro) for returned (QSL) postage. Plaque and Trophy cost 20 IRC's (or 25 Euro). On applying for the Basic award applicants should send only sufficient postage for the return of their QSL or the QSL's will be returned via bureau, if it is needed.

[Application forms](#) for the Directory and awards should be sent to:

**Emir Mahmutovic
(Manager for IOCA)
Slovenska 15
HR-10000 Zagreb
